

Introducing Postilion Self-Service Banking.
Now you can do everything big banks do. Better.

It's all you need. All on one platform.

Postilion lets you offer everything today's members demand simply, efficiently and more affordably than ever. Retail Internet Banking, Business Internet Banking, Mobile Banking, ATM Driving and Voice Banking on *one single platform* infrastructure that fully integrates with your Core.

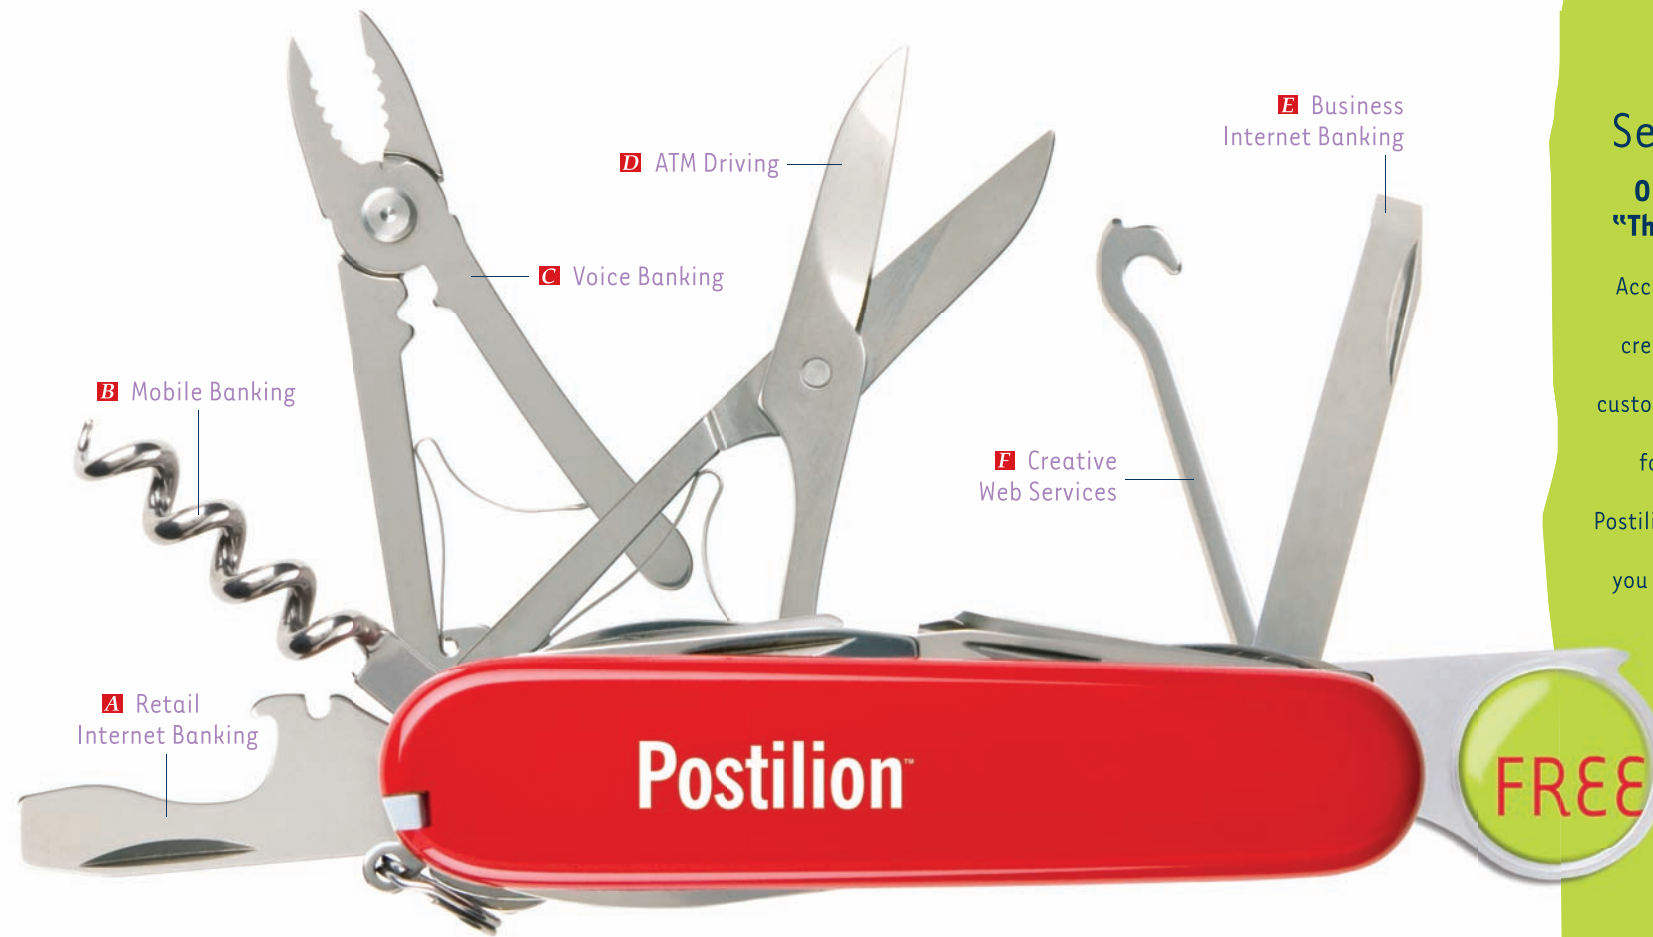

Plus, the most competitive functionality in the marketplace:

- Personal Financial Management
- Integrated Bill Payment
- eStatement and Check Imaging Integration
- Single Sign On (SSO) Development
- On-premise or ASP Deployment and more!

There's never been a better time, or technology to take on the competition.

- A** Open more member accounts and improve member loyalty like never before. **B** Uncork a new channel and open up new revenue streams.
C Keep operational costs controlled, productivity high, and members happy. **D** A bigger presence means a greater cut of more transactions.
E Carve out bigger shares of the small business market. **F** Hook new members with a leading edge Web site.

No other platform integrates it all to function seamlessly with your Core solution.

Seize the Opportunity

On March 4th, Postilion hosts "The Credit Union Edge Webinar"

According to Aite Group, 58% of surveyed credit unions are seeing former big bank customers flee to credit unions. And it's time for you to get your cut. Discover how Postilion's competitive functionality can help you get your share of those new members.
